Petition Asks Permits For Gravel Plants

A petition asking that use permits be required to control new gravel excavating operations this week went to the Alameda County Planning Commission following a public meeting Tuesday evening at the Niles Elementary School. The document was signed by 58 Niles residents.

The meeting had been called by the Niles Chamber of Commerce Zoning Committee in response to requests by property owners who had expressed concern over rumors that 57 acres immediately east of Niles was to be excavated for gravel.

The petition asks that a permissive clause in the present county zoning ordinance, which may require issuance of land use permits for building material excavation, be enforced in order that unlimited and uncontrolled gravel operations here be restrained.

Easily outnumbered by those who would clamp down on gravel operations here, there were nevertheless a number present Tuesday who objected to any limitations at all on such activity. Most outspoken in opposition to control were the Shinn family interests, which have converted many acres of farm land south of Niles into gravel holes.

Argument was that more gravel holes would make more percolation pits for raising up the underground water supply. No authority was quoted that this would be the case, however.

Objection to increasing gravel diggings was based on the arguments that such excavation results in no permanent good to the community, that good level land is being destroyed for all time, that gravel holes are unsightly, and that residential property near the holes would lose value.

Discussion of the proposed zoning plan for all of the Niles area, which in past meetings has been a subject of high controversy, was rather limited at Tuesday's meeting because of the absence of county planning consultants.

L. R. Bateman, chairman of the meeting, stated that since technical questions could not be answered authoritatively, such general discussion would be postponed until a later meeting.

PINE STREET TO BE PAVED AT LAST

The paving of Pine street in the Hansen Tract of Centerville at last will be done, Supervisor Chester E. Stanley told the Centerville Chamber of Commerce at its regular meeting Wednesday noon.

Following involvement with the law by the contractors who erected homes in the tract, Pine street has been a problem for months.

Stanley told the business men that in settlement of the contractor's affairs, sufficient unexpended funds have been found to pay for the paving. The county will do the work.

FIRE PROGRAM FOR NILES ROTARY CLUB

Fire Prevention Week was observed yesterday by the Rotary Club of Niles with a program provided by Clarence Crane, Niles fire chief, who was chairman.

Thursday was designated "Jolly Day" in honor of Past President Richard Jolly, who is leaving the township. Special Events Chairman Joe Buchen was in charge of this part of the program.

According to Chairman C. W. Kraft, there will be an inter-club meeting with the Centerville Lions Club on Tuesday evening, Oct. 12.

Rotary will furnish the program for the Lions' regular meeting at the International Kitchen at 6:45 p.m. Merrill F. Woodruff, business specialist of the San Francisco office of the U. S. Department of Commerce, will speak briefly and present a talkie picture "Selling America."

NEW TRIAL FOR ANNOYANCE CASE

Date for setting a new trial in the case of the People vs. Arthur Miguel was set at October 29 in Niles Justice Court last Friday.

Miguel is charged with annoying three small Decoto girls with lewd language, the offense allegedly having been committed in July.

At a jury trial in Niles Justice Court on September 24, no verdict was reached. The jurors were deadlocked 9 to 3.

DATE IS SET FOR TOYON LUNCHEON

Saturday, October 16, has been set as the date for the annual fall festival and luncheon given by the Toyon Branch of the Children's Hospital. The luncheon will, as usual, be held at the Old Adobe on the grounds of the California Nursery.

Business men, as well as women, look forward to this event each year, not only because they are assured of an excellent luncheon (baked ham!) but because they know the proceeds will benefit many hospitalized children.

Mrs. R. A. Sparrowe, general chairman of arrangements, announced that further news of the event will be released next week.

PORTION OF CHEST FUNDS TO REMAIN IN TOWNSHIP

Due to the foresight and understanding of the directors of the Washington Township Community Chest, a portion of the funds raised in each community, during the general drive starting October 11, will remain in that area for specific local projects, according to Col. Eugene Manning and Warren Gravestock of Centerville, co-chairmen of the campaign.

With a goal before them of \$7,000, the directors plan that 10 per cent of the funds collected in each of the township's eight towns will be laid aside for use in each community. The directors of the drive emphasize that only recognized and organized welfare agencies approved by them will be eligible to utilize this fund.

In the event that a particular town's share of the Chest collections is not needed during the year it will be left in the treasury, and added to future funds. Thus, each community can build up a reserve welfare account to be spent entirely for local needs.

In commending the directors' decision Col. Manning said, "This precedent—setting arrangement should eliminate any feeling among residents of our township that their donations to the Community Chest are not used to solve local welfare problems."

Agencies that will receive money from the general campaign are the Boy Scouts, the Girl Scouts, the USO, the Salvation Army, and the Alameda County Travelers' Aid. Other groups will not be authorized to collect donations unless approved by the chest directors.

Officers of the board of directors are: Ed Enos, president; Judge Allen Norris, vice-president; Carl Christensen, treasurer; and Mrs. Carmelita Berge Freitas, secretary. Town chairmen include: Walter Oakley, Alvarado; Dr. E. M. Grimmer Jr., Centerville; E. D. Bristow, Niles; Mrs. Ann Maycock, Irvington; Mrs. Lois Bottenberg, Mission San Jose; James Robertson, Newark; Mrs. George Harvey, Alviso. The Chamber of Commerce will be in charge in Decoto.

MEN'S CLUB SPEAKER ANNOUNCED

"Aren't People Interesting" will be the subject of an address by Rabbi Stern before the Men's Club of Washington Township on Thursday evening, Oct. 21, at the International Kitchen.

Rabbi Stern has made this address on 250 previous occasions, and it has met with exceptional success.

WHAT! NO TOMATOES AT SCHOOL ELECTION

The hot political campaign going on at the Niles school last week made the Dewey-Truman political shenanigans look like so much child's play. The bigwigs of the two major parties of our country might well take a lesson from the honesty, the integrity, and the fair-play practiced by the young student campaigners at the school. What's more, not a tomato was thrown—and this is tomato season, too! The election at the Niles school was held last Monday, with votes being cast on secret ballots that approximated those used by the grown-ups in their elections. Those to be voted upon were student body officers. Everything was carried out in an orderly fashion with the teachers remaining entirely out of the picture.

When the votes were counted—by an election board comprised of Patsy Rose, Suzanne Gorman, Joan Vervais, Mona Tension, and Alice Sloniker—the results revealed that Edgar Dawson had been elected student body president; James Andrade, vice-president; Claire Ferreira, secretary; and Laurel Mayer, treasurer.

So young democracy went to work, with perhaps the least amount of mud-slinging and name-calling that has been seen in an election in these parts for quite some time!

PRUNE GROWERS GET FINAL PAYMENT

E. T. Mather, central representative of the Berryessa Prune and Apricot Association, disclosed this week that final payment checks on 1947 crop prunes, totaling \$2,160,781.41, were mailed September 30 to members of the California Prune and Apricot Growers Association.

According to T. O. Kluge, general manager of the association, this payment will raise to \$11,474,321.21 the total payment association prune growers received for their 1947 crop deliveries.

This figure reflects a return to association growers on 1947 crop prunes of 7,909, bulk basis, on fancy quality French prunes—first pool, which is the bulk of the tonnage handled.

There'll be the clatter of hoof-beats down the peaceful, olive-shaded "Alameda" heralding the arrival in Mission San Jose de Guadalupe today (Friday) of the 1948 version of Don Gaspar de Portola's march through California in 1769.

Washington Township, proudly representing all of Alameda County, has planned a memorable three-day program to welcome the Portola party, headed by E. E. Kleck, San Luis Obispo county supervisor, who portrays the famed Don Gaspar.

The week-end event is being sponsored by the Township Y.M.I., in conjunction with the St. Jude Y.L.I. of Irvington and the Guadalupe Y.L.I. of Niles.

To explain Mission San Jose's role in being included on the 1948 Portola expedition, historians tell us that, wearied by searching for the Monterey Bay, the original group of Franciscan Fathers and Spanish Dons had paused to rest, in the fall of 1769, by the San Francisco Creek in Santa Clara County.

Portola sent a reconnoitering party, under the leadership of Jose Francisco de Ortega, to find a land route up the east shore of the San Francisco Bay, and it was these men who journeyed to the area now known as Mission San Jose de Guadalupe. It was not until June 1, 1797, when Father Francisco de Lasuen raised the cross and conducted founding rites, that the Mission itself was established.

Until 1853, Mission San Jose was in Santa Clara County, but in that year Alameda County was formed, and within it Washington Township, the site of the historic Mission and adjoining town.

DECOTO HORSEMEN TO WELCOME

When the modern-day Don Gaspar de Portola and his 14 colorfully attired followers reach the Santa Clara-Alameda County line around noon today (Friday) they will be greeted by the Decoto Horsemen, who will also be wearing costumes reminiscent of early California splendor. The riders will then pass through Irvington on their way to the old Mission San Jose, and on arrival, the Portola party will encamp at the I.D.E.S. grounds to rest until Saturday's festivities.

Saturday evening, promptly at 6 p.m., Don Gaspar de Portola and his group will present a pageant at the grammar school grounds based on adventures of the original colonizing expedition. Following the pageant, the program will move to the I.D.E.S. grounds where folk dancing groups from Irvington and Hayward will illustrate early Spanish dances. From 9 p.m. on there will be a Festival Dance, at \$1 per person, to the music of Frank Gyax' orchestra. Both the pageant and folk dancing exhibition are open to the public free of charge. There will be refreshment booths at the I.D.E.S. grounds, sponsored by the Niles and Irvington Y.L.I. groups.

NORRIS WILL OFFICIATE
Before the Saturday evening pageant, Judge Allen G. Norris of Centerville, officiating for Washington Township, will officiate for Washington Township.

SUGAR BEET CROP IS 2 WEEKS LATE

Although field crops throughout the state, including sugar beets, are about two weeks late in maturing this year, J. T. "Mick" Ratekin, superintendent of the Alvarado factory of Holly Sugar Corporation, said this week that Holly Sugar's California factories are capable of producing sugar at such a pace that the season will come to a close in a manner to meet the original estimates.

The estimate of the retarded maturity of field crops is based on information received by Andy K. Logan, chief agriculturist for Holly in this region, Ratekin said.

Although this year's slicing of sugar beets was completed in July at Holly's new plant at Carlton in the Imperial Valley, the other four Holly Sugar factories in California are now at the peak of capacity production. The corporation operates sugar factories at Hamilton City, Tracy, Alvarado, Santa Ana, as well as at Carlton.

DECOTO TO HAVE CLEAN-UP DAY

The Decoto Chamber of Commerce, at its regular meeting Tuesday evening in the fire house, voted to sponsor a Clean-Up Day on November 7. School children of the town will help, according to Secretary Bernie Joseph.

The Chamber voted endorsement of the Centerville Chamber of Commerce effort to secure a drivers' license bureau for the township.

Announcement was made that a telephone booth will be installed at the corner of Tenth and D streets.

L. W. Musick accepted chairmanship of the Decoto drive for the Community Chest.

It was agreed that "Stop" signs should be erected on the intersections of Tenth and Sixth streets with H street.

Supervisor Chester E. Stanley, who was present at the meeting, was introduced by President Kenneth Garcia. Stanley discussed with the Chamber the possibility of opening E street through to Railroad avenue. The matter was referred to a committee.

Our Policy on PONTIAC Deliveries and Prices

Despite the fact that Pontiac has built over a half-million cars since the resumption of production after the war, demand still exceeds supply. In the face of this production record, those who place orders now will still experience some delay in delivery. If you

are among the many people who feel that Pontiac represents an outstanding value—and wish to order a Pontiac for future delivery—you will be interested in the following policy on retail distribution which we, as Pontiac dealers, will observe:

ORDERS FILLED BY PRIORITY

A definite proportion of the cars we receive from the factory is set aside for preferential delivery to users whose work is in the public welfare and to others with certain occupational requirements. Otherwise, all orders will be filled on the basis of the time when they are received.

YOU PAY FACTORY-SUGGESTED PRICE

Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only the factory suggested price on your model—which will be shown in a published list of local prices.

YOU SPECIFY ACCESSORIES

While most of our customers order their cars equipped with accessories, we do not force accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. Some items may be lacking due to current shortages; but none will be added.

REGARDING TRADE-INS

Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.

Since this is our "home town", our business and its future is based on our good relations with the people of this community. We are most happy that so many people here—as all over the country—have made Pontiac their number one choice as a new car.

Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is always a thoroughly good car, and a thoroughly good value, this year, next year, any year.

IT'S ROUND-UP TIME

(A guest editorial by Fred H. Duffie)

Everybody has to pause and "take stock" now and then.

The Boy Scouts of America do it differently—they keep going all the while. With outdoor life a vital part of the Scout program, however, it's only natural that they take a "breather" to get their bearings—to see where they've been and where they're going like their scouting ancestors in the woodlands.

Right now, the Boy Scouts are engaged in their annual Nation-Wide "Round-Up" — checking over their achievements of the past year. But there's nothing private about this. They want to let all of us share their yearly stock-taking period.

Why not? They're all our boys—the boys of America, and their records are a matter of public interest. We in Washington Township have a share in—and stand to gain much from—Scouting, whether or not our own flesh-and-blood are Scouts.

And that brings up the question: Is the boy in your family having the fun

of being a Boy Scout? Have you looked into the matter lately?

Next month comes the rally or Rodeo at the Washington-High School gym. Why not give these boys some support by attending these and other events?

Yes, "Round-Up" time gives you a good opportunity to examine the noteworthy record of Scouting in Washington Township, and to help make it the best ever.

A GRITTY SUBJECT

The other day a man said to us: "Niles is in the yawning stage of waking up."

If you were at the zoning meeting at the Niles school Tuesday evening, you understand what he means. It's good to see people interested in their community's future.

A lot of gravel has come out of the ground around Niles. In some cases, the excavation is coming a little too close to home for comfort. Something must be done. That is why so many persons turned out Tuesday. Subject of the meeting was control of gravel excavation.

It is such an obvious situation threatening Niles on all sides that our comment here favoring county control of gravel excavation would only be repetitions of what everyone in Niles knows: That unless excavation is forbidden in certain areas and controlled in all others, the town of Niles will be no more than a pinnacle rising out of one large gravel hole. That's obvious.

It was encouraging and stimulating to see more than 125 Niles townspeople at a meeting, all interested in and anxious to express their varying opinions on the future of their community.

If you weren't there, you should have been. Are you sure that you yourself are awake?

B.P.W.C. TO MEET SOON AT SUNOL

In spite of lowering skies last Monday evening, the members of the Business and Professional Women's Club and their guests had a highly enjoyable barbecue supper party in the patio of the Berge home in Irvington.

Those who prepared and helped serve the fare—which received

the accolades of all present—were Mrs. Carmelita Berge Freitas, Mr. Berge (the chef), Mrs. Dorothy Belshaw, Mrs. Gertrude Enos, Mrs. E. H. Hirsch, Mrs. Bernice Nordvik, Mrs. Ann Mayock and Mrs. Rose Vieux.

The next meeting of the club will be a business meeting at the home of Miss Rosaline Egan at Sunol. Miss Egan will have charge of the program.

Dear Vern:

Worra—worra—worra! Exactly ten minutes after I took over yesterday every one in the place was hitting me up for a raise. Oh, the joys of owning your own paper!

We are all settled in our apartment now but it certainly was a mess for a few days, sitting on a baby's crib and eating with a golf club.

I'm going to have to make this letter a little brief, as this is election time, you know, and the office has been full of candidates all day. I have wasted hours laughing at some of the corniest jokes that have ever been bounced around on this old globe.

I'll keep in touch with you from time to time.

BILL CHILCOTE

Editor, Sir:

Having read the editorial in last week's Township Register entitled "Your Right to Know," I wish publicly to express my appreciation

during Newspaper Week for the many courtesies extended to the townspeople by the local press. I wish to especially thank The Register for all of the publicity and space given to such worthy organizations as the Toyon Branch of the Children's Hospital, the Red Cross, the Community Chest and all of the other organizations whose success depends to such a great degree on newspaper publicity.

Realizing that the financial success of a newspaper depends on the space it SELLS, I think that it is noteworthy that The Register GIVES so much of its space to help support these organizations.

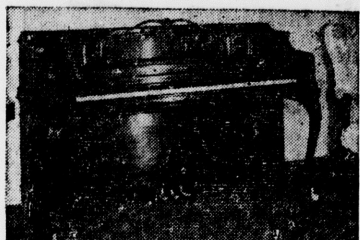

May I again thank you and wish you continued prosperity in your efforts in behalf of civic welfare.

Sincerely,
LAURA WHIPPLE

HIGH CHATTER

By MARGARET COLE

Something new has been added! The Pep rally which was held in the auditorium on October 1 gave rise to an unprecedented show of enthusiasm. It is agreed that it had a rousing effect on faculty as well as students.

Carmen Soto, our Student Body yell leader, ably assisted by Raphael Andrade, Gerry Sharp and Pauline Harting, got the year off to a good start with a splendid display of spirit. From all accounts last year's rallies didn't rate very high with the students but this year they are looking forward to them.

An excellent musical program was presented at this assembly. Popular senior, Vivian Duarte, accompanied on the piano by Rosemary Trinidad, sang "Con-

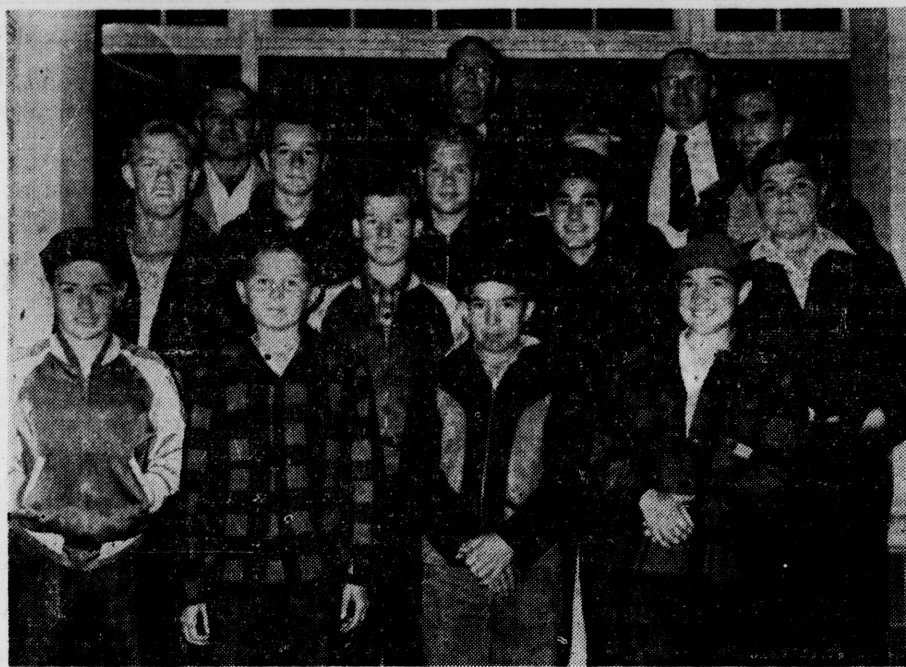

fess." Jack Gaunt, also a well-liked senior, played "Begin the Beguine" on his accordion and received such a tremendous ovation that he was coaxed on stage a second time and set everyone a-swooning with his version of "It's Magic."

Alex Morris, Fred Duffie and Lenny Salvador talked briefly and inspiringly of the forthcoming game. Coaches Taylor and Hird topped off the proceedings with some timely jokes and urged the student body to give its utmost support to the team.

The rest is history! We murdered 'em! 'Ray Team!

Football has its serious side, though. The death of sixteen-year-old Williams of Piedmont has revived a long-standing argument as to whether or not football, under the present rules, is a suitable game for high school students. Coach Hird feels that by teaching his boys how to handle themselves, tackle properly and play clean, they can be assured of a good game with a minimum of bodily injury.

The Hatchet started its '48-'49 career with a really splendid issue. Remarks have been heard to the effect that any school capable of publishing such a paper is to be complimented. Congratulations to Kawaguchi and staff! It's informative and amusing. Did you notice, for instance, what they said about Les Kious? (Beeg joke!) The ever-important subject of clothes got its share of attention but we feel that some mention should have been made of the proposed costumes for the Girls' W Initiations. These girls who made up the sideshow at the football game Friday evening, displayed such remarkable football techniques that it makes one wonder if Coach Voorhees has overlooked some promising material for his squad.

A HOBBY CLUB was formed recently in Niles, with the first meeting at the Niles School, attended by the boys pictured here. They are (left to right): front row, Ronnie Westray, Laurel Mayer, Gerry Allegre, Reginald Lewis; second row, Loren Mohn, Johnnie Jibson, Robert Lewis, Gene Mayer; third row, Ronnie Estudillo, Gordon Kibby, Don Batman, and Don Angle. In the rear are Frank Lewis, organizer and advisor of the club, E. D. Bristow and Louis Mayer.

And what a squad it is! It's fame is buzzing through hall and corridor and there's a prevailing spirit of confidence in their ability to "take" Gilroy this Friday. Congratulations, Don Pine, on the first touchdown of the season!

Even English classes have their lighter moments. Mrs. Hartzog's class was sent into a muffled uproar with the discovery of some unknown humorist's inscription on the flyleaf of a text-book, "In case of flood, stay with this book. It's plenty dry!"

We had a first-rate assembly Wednesday. We were fortunate to have the privilege of hearing Miss Grade Adams East, who will be remembered at Washington High as "the lady who made the trumpet talk." Not only is she a breath-taking trumpeter but an accomplished and entertaining speaker.

The Youth Fellowship meetings

at the Congregational Church are so much fun that all those who have attended have made up their minds not to miss a single meeting. The formal business is quickly disposed of and then we settle down to the serious business of having fun. Mr. Kirkbride, with his dry, subtle humor, is a whiz at this kind of thing. The games he suggests are guaranteed to give everyone a chance to "open his mouth and put his foot in it." We are still laughing at some of the jokes and unconsciously funny remarks that flew thick and fast. Mr. Kirkbride and President Don Maynard invite any of you who would like to attend these meetings at six-thirty every Sunday.

Now you all know the kind of things the kids like to gossip about, so slip me some of your talk - provoking information. Things like "Who's chasing who,

who doesn't want to be chased because he's busy chasing someone else?" We're interested, too, in news of recent graduates and their marriages, business successes, etc.

BOY SCOUT ACTIVITIES

Six Scouts of Niles Troop 2 had a grand time on the camping trip last week-end at Portola. They were accompanied by Fred Duffie, camping activities director for the Southern District; Tom Robbins, scoutmaster for Troop 2, and Bruce Roeding, assistant scoutmaster.

Remember these dates:

District Executive Committee, Wednesday, Oct. 27.

District Commissioner Staff, on Monday, Oct. 11.

Washington Troop 13, Eagles' Nest, Centerville, Oct. 20.

P.T.A. ENJOYS PROGRAM

The P.T.A. of Centerville Elementary School enjoyed a program presented by the students of the school on Tuesday afternoon, September 28. The program was as follows: piano selection, Jimmy Gool; dance, "Carolina in the Morning," Novalene Scott, Margaret Nunes, Elaine Thornburg; dance, "Cielito Lindo," Nicholas Lewis, Loretta Valles, Valeria Correa, Donna Bettencourt, Marlene Silveira and Billie Lee Silva; "Rhumba," Nancy Thornburg; piano selections by Marlene Dias; Indian Dance, Novalene Scott, Margaret Nunes and Elaine Thornburg; "Acrobatic Antics," Novalene Scott, Nicholas Lewis. The students were accompanied by Mrs. George Silva and Mrs. Dwight Thornburg at the piano.

Following a short business meeting conducted by Mrs. Ray Rodrigues, president, refreshments were served in the school cafeteria. The next meeting of the P.T.A. will be on Tuesday afternoon, Oct. 19, at 2:30 o'clock.

Mr. George Duff presented motion pictures on "Safety" for the students of the sixth, seventh and eighth grades on Tuesday afternoon, Sept. 28.

COUNTRY CLUB WILL GIVE FALL DANCE

Members of the Country Club of Washington Township and their husbands are looking forward to a special event on the club calendar. It is a club dance to be held at the Irvington school auditorium on the night of November 6, with the arrangements being made by the Arts Appreciation section of the club, and by the folk-dancing section.

Although there will be the regular ball-room dancing, there will also be folk-dancing, not only by the folk-dancing group but also by anyone who cares to participate, for Mrs. Frances Mara and her husband will be there for the exhibition dances and to give instruction in a few of the simpler and most popular folk-dances. From all indications the evening will be a very gala one, with a variety of dances—to be followed by refreshments.

Those in charge are Mrs. Earl Mackintosh, Mrs. Bernie Joseph, Mrs. Franklin Brown, Mrs. Walter Connolly, Mrs. Frank Katzer and Mrs. Roland Bendel.

CHURCH DINNER DATE CHANGED

Conflicting dates have shifted the time of the annual Niles Congregational Church dinner from the regular date of October 14, to Tuesday, October 19.

A congregational meeting Sunday voted upon the new date when it was found that the Washington High P.T.A. is to meet on October 14.

It is planned that the young people of the church have a prominent part in the program for the dinner, to emphasize the need and purpose of the proposed recreation hall. A guest speaker will be announced soon.

Brazil was discovered May 3, 1500, by the Portuguese Admiral, Pedro Alveras Cabral.

The two were married at a ceremony performed on Saturday, September 18, at the San Carlos Mission in Carmel by Father Kelley. Wedding attendants were Mr. and Mrs. Delbert Oliveira of Centerville, brother and sister-in-law of the bride.

For her wedding, the bride chose a beige suit with pink accessories and an orchid corsage which was given to her by her mother. The matron of honor was attired in a green suit with rust and black accessories and a corsage of Talisman roses.

The altar of the chapel was beautifully decorated with white begonias, delphiniums, and Esther Reed daisies, by Miss Lorraine Hanssens of Carmel, a close friend of the family.

After a week's honeymoon, the bride and groom returned to Centerville.

WASHINGTON HIGH'S SECOND TOUCHDOWN against Jefferson last Friday evening on the local gridiron came when Al Durazo (70) came fast down the sideline to score. No. 77 is Les Klous. The Register snapped this photo as Durazo was racing across the 20-yard line.

SPORTSMEN ELECT NEW OFFICERS

Ernie Frick of Niles is the new chairman of the Niles Sportsmen's Club following the election and installation of officers held Wednesday, September 29. Past-chairman

Carl Kaiser installed the incoming officers, including: R. Calhoun, vice-chairman; Joe Dooley, treasurer; L. L. Lewis, secretary; and Clarence Pine, sergeant-at-arms.

New board of directors members are Joe Pine, George Bonde, C. Musgrove, out-going chairman Kaiser, and all officers. A turkey shoot to be held Nov-

ember 7 at the Sportsmen's Range is the next activity on the club's calendar. Bill Tyson, R. Davis, C. Musgrove, Joe Rose, Joe Pine, R. Silveira, Doug Mayock, George Bonde, R. Calhoun, Leroy Gomes, C. Pine, F. Crossman, John Turner, G. Mohn, Chris Botelho and Joe Duarte were appointed as a committee to arrange the turkey shoot. Joe Rose, C. Pine and Bill Chivers will handle the refreshments.

The meeting concluded with past-chairman Kaiser thanking all members for their fine cooperation during the past year.

HUNTERS OFF AGAIN

Another group of eager deer hunters departed for the "wilds" of Oregon Friday, headed by Dr. E. M. Grimmer of Irvington. Included in the party are Matt Whitfield and Charlie Wauhab of Centerville, and Charlie Boggini of Mission San Jose. With luck, the fellows expect to be gone about a week.

HUSKIES FAVORED IN LEAGUE TILT AT GILROY TONIGHT

Washington was the only team in the S.C.V.A.L. to win its opening practice game last Friday. The Huskies defeated Jefferson High of Daly City 13-6 on the local gridiron. The game was close in score and penalties only.

The Indians from across the bay were outclassed by the spirit, hard-tackling, weight, and apparent depth in experience of the Huskies.

Only apparent weakness in the Huskie defense was in the life side of the line, through which Jefferson gained most of its yardage on the march to their only touchdown.

5-MAN LINE

The five-man line used not too successfully by Washington did pay off dividends, however, midway in the first quarter when Don Pine, at right-end, intercepted a Jefferson pass in the flat and scampered 30 yards to the first Washington tally.

Dan Goularte made the conversion good. He later narrowly missed two attempted field goals.

SECOND SCORE

Durazo romped 27 yards around end for the second Huskie touchdown. Goularte's kick for the conversion was blocked. So ended the first half, Jefferson 0, Washington 13.

Coming back in the second half, Jefferson seemed improved over the first half when late in the third quarter the Indians began a march from our 42-yard line, going off-tackle and end most of the way down to the five, where they cracked over the center of the line in two plays to their one and only touchdown. The attempted conversion on a spread play was broken up by Duffie on a nice bit of defense play.

THREATEN AGAIN

The next and last real thrill came late in the final quarter when Goularte intercepted another Jefferson pass on their 38-yard line. With a beautiful bit of downfield blocking and a key block put on by Morris, Goularte carried the ball to the five. Lewis, substituting for Goularte, took the ball with

but seconds left to play through the middle of the line only to be stopped on the 3-yard line when the gun went off, completing a well earned victory for Washington.

Outstanding players of the evening were Durazo, who averaged 12.5 yards per carry, and Sankene, in a marathon performance, playing all but two minutes of the game, carried the ball 117 yards from scrimmage on sixteen carries, and average of 7.3 yards per carry.

STRONG DEFENDERS

Outstanding players on defense were Goularte, Lizardo, Day and Duffie.

Tonight, with one practice game each behind, the two Washington High teams will travel to Gilroy to encounter their first league teams of the season.

The Gilroy varsity is not expected to be very strong, while on the other hand, the 130's usually are one of the better teams in their league. As usual one can never count the Gilroy varsity out even though they lost their opener.

The Huskie coaches are taking decided precautions against any chance of Gilroy scoring an upset because of over-confidence.

130'S FAVORED

The "green" Washington lightweight team won an easy 52-0 victory over a pitifully weak Hayward Frosh-Soph team. The outstanding play of the game was a 75-yard run to a touchdown by little Joey Orrochi, who later scored again. He was joined in the scoring by Hisaoka and Elizarrey, who also scored two each. Moga and Hernandez each scored one; John Berney made three conversions good via the toe and De La Torre ran one conversion.

STARS WIN OVER BUCCANEERS, 13-7

By YOSHIO HISAOKA

The Washington Alumni Stars let loose a new threat to defeat the Pittsburg Alumni Buccaneers 13-7 last Saturday night on the Washington Memorial Stadium turf, Don "Flash" Furtado being the threat.

Furtado scored both touchdowns which downed the Bucs.

The Stars got their first break when a Pitt fumble was recovered by Wayne Davis on the Pittsburg 49-yard line. Then Ruben Rodriguez hit tackle for 9 yards and Alex Bernard smacked center for a first down. With the ball on the 35 Bernard passed to Furtado for a touchdown. Eldon Mohn split the uprights and the Stars led 7-0.

In the second quarter a Bernard pass was intercepted on the Stars' 32 by Sonny Affinito who took it all the way. But a clipping penalty assessed against the Bucs took the ball back to the Stars' 32 yard line. Then Buddy Aiello threw to Vince DiMaggio to the 10 and a first down. Blue hit tackle for 6 and then took it over on a line buck. Aiello dropkicked the extra point. The half ended with a 7-7 score.

The third quarter was a see-saw battle but late in the last quarter the Washington fans witnessed something to cheer about. A Pitt quick-kick put the ball deep in their own territory on the 19-yard line. Then Furtado took a short pass from Bernard on the 28 and outran the defense for a touchdown. Mohn's conversion attempt was blocked. And the game ended with the score 13-7.

Saturday (tomorrow) night the Stars again play hosts, this time to the Sunset A.C. outfit. The game will be played at Washington Memorial Stadium, Centerville.

SERIES SCORE BOARD IN CENTERVILLE

Joe Adams, Centerville Ford dealer, this year is again giving township baseball fans play-by-play coverage of the World Series. On the used car lot adjoining the garage, a loud speaker and score board have been erected. The sound equipment has been supplied by the Mercury Radio and Electric Shop of Decoto.

The first commercial orchard of oranges was planted in 1841 by William Wolfskill in Southern California.

MARLO PACKERS LOSE TO HAYWARD

The Marlo Packers of Decoto came out second best, 4 to 2, in a ball game last Sunday at the Bret Harte field in Hayward against the Hernandez Market.

Stellar performance for the losers, however, was turned in by Joe Sanchez, who hit 4 for 4—a homer, a double, and two singles. G. Riviera came through with 2 for 3, one a two-base hit.

The Holly Sugar Kitchens have a way with...

Homemade Peanut Brittle

RECIPE

Peanut brittle is a grand old-fashioned candy that even new brides can make with sure success

1 1/2 cups Holly Sugar
1 tsp. butter
or margarine

1 cup salted
peanuts
1/4 tsp. soda

Butter lightly an 8" cake pan (if you prefer fairly thin peanut brittle, use a cookie sheet or large baking pan); place in slow oven to heat slightly while making candy. Put sugar and butter or margarine in skillet, stirring constantly until sugar is melted. Reduce heat. Add peanuts and soda. Stir rapidly, from outside edge to center, then pour into the slightly heated pan. Tip pan to spread candy. Cool. To loosen candy, hold sides of pan with thumbs and press bottom of pan with fingers. Break brittle into pieces.

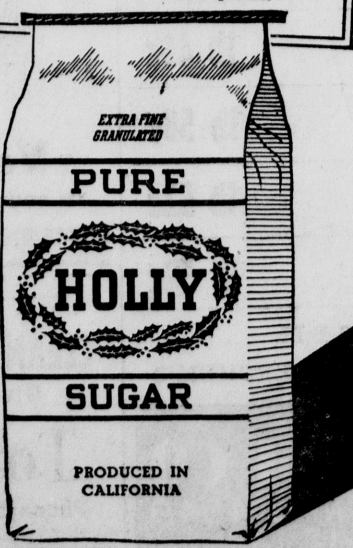

Holly Sugar's quality invites you to create tempting delicacies. Because no sugar in the world is sweeter or purer. No sugar is whiter or runs more freely than this famous sugar your neighbors produce!

Many housewives hereabouts buy the sugar named HOLLY. They do so because Holly Sugar is perfect for baking, cooking, canning and at table. Always white—pure. Always sweet, free-running, fine in grain. Holly is made with sugar beets which farmers around here grow. Holly Sugar is processed in the local Holly factory. All this puts money into circulation around here... is good for local business.

And this is important: When this local sugar is sold in these local parts—close to where it's grown and made—freight costs are saved. These are savings Holly shares with beet growers in this area. So the more Holly Sugar that is sold at home, the more local growers receive for their sugar beets.

Extra dollars kept at home help make your own living better. So don't accept just any sugar. Insist on getting HOLLY!

WONDERFUL VISIT

For many years "Old John," as all the folks in this town affectionately call him, has been a familiar figure around the Mission grounds and at the Dominican convent and has never had any of his folks from Austria or even Kansas to visit him, but last week he came rushing into the post office and announced that Mr. and Mrs. Joseph Rajeski of Victoria, Kansas, would be over very soon to see him. So if John looks extra happy you will know that they have come and gone and he had a wonderful visit with them.

IS IT TRUE?

There's a question in the town. Does the "looking over" of the old Mission San Jose De Guadalupe mean that some very needed repair work is going to be done? Here's hoping, so everyone says.

SATURDAY VISITORS

Mr. and Mrs. Bert Justus and daughter, Cynthia Gail, of El Cerrito, were Saturday guests at the Bottenberg home here, and on Sunday Mr. and Mrs. Floyd H. Cross and family from Redwood City spent the day also while Tom, Ruth, Michael and Diane Santos of Burlingame were evening visitors.

IN MARYLAND

Mrs. Margaret Bunting and her father, Mr. James Nelson, of the Mission Hereford Ranch, are vacationing and on business in Crissfield, Maryland. Mr. and Mrs. Bill Mulcahay and children, Billie and Margaret, returned to Dallas, Texas, after spending the summer here at the ranch. Mrs. Mulcahay is the former Betty Bunting. A little birdie tells me that the Texas folks are moving to California. Can it be true? Also from the ranch news is this: Dale Carithers, foreman, is now driving a new 1949 Ford. Wow! It looks like one of the higher priced limousines. Surely a beauty.

ENGAGEMENT ANNOUNCED

At a lovely dinner party in Campbell on Monday evening, Miss Nadine Smith, daughter of Mr. and Mrs. Tom Smith of the Guadalupe Inn here in town, announced her engagement to Mr. Horace Sargent, son of Mr. and Mrs. R. B. Sargent of Campbell, at whose home the party took place. Miss Nadine is a graduate of the Campbell schools and works for the American Trust Company while the gentleman is employed at Moffett Field as a radio technician. No immediate plans are in the offing for the wedding.

PROUD OWNER

Mr. and Mrs. Tom Cunha are riding around in style now as they are the proud owners of a 1949 Studebaker. What a lot of difference from the old Chev, but, boy, did it serve its purpose and how.

NEW HOME OWNERS

Mr. and Mrs. Rudolph Ober have purchased a couple of lots in the new Mission Heights area and are already beginning construction. They expect to build an old Spanish style house with patio and spacious gardens.

DINNER FOR
BALL TEAM
HUGE SUCCESS

Every one of the 180 people who attended the Irvington Chamber of Commerce dinner-dance Saturday, October 2, had a fine time, including the honored Irvington Merchants' ball team.

Held in the skating rink adjoining Roethlin's Cafe, the evening's program included a hula dance by Imogene Muller from San Lorenzo, two songs by baritone Harold Speeden, and piano solos by Mr. Rosa of the Irvington Theater. Lennie Repoza of Oakland was master of ceremonies, and presented two trumpet solos.

Purpose of the highly successful dinner was to pay tribute to the home town baseball team, managed by Frank Mayer.

Dancing to a 5-piece orchestra completed the evening's entertainment.

By VIVIAN BATMAN

Never let it be said that democracy doesn't work! We have a perfect example of its functioning right here in Niles. Last year a group of mothers of Niles school children, dissatisfied with what they felt was a seeming laxity and apathy on the part of the school administration, went, as a group, to discuss their problems at a meeting with the school trustees. Much more honest than conducting a whispering campaign—which never corrects any situation—behind the backs of the school officials!

The results of that meeting are now bearing fruit. There is a different air at the Niles school this fall which is being commented upon by mothers everywhere. The apathy has been supplanted with a new spirit of

progressiveness; children are studying harder; classes are not being let out early for children to dawdle home at unexpected hours; the lunch hour has been cut down from an hour and a half to an hour; teachers are not being called away from classes to drive a bus; and even P.T.A. has been given a shot in the arm by the promise of full cooperation from the school administration, even to the extent of arranging for educators from the county office to come down here to talk to the mothers about school curriculum, a subject which is of consuming interest to most parents. Things, indeed, are looking brighter!

Credit goes to a group of interested mothers who had the courage, if you will, to come out in a forthright manner and air their problems at the proper place before the proper people. Credit also goes to the school administration, which had the intelligence to take the criticism in the spirit in which it was given, to listen to the mothers with open minds, and to correct, in so far as they were able, the causes of dissatisfaction.

May I put in a word of warn-

ing here, however? Mothers should guard against running to the school with every petty little problem. If Johnny is kept in after school, his teacher probably has a very good reason for doing so. She should be allowed to handle the problem of discipline in her own way. By running to the school for every silly little complaint of the child, the parents defeat their own purpose. If, however, there is legitimate cause for a consultation with school authorities—if the playgrounds are not being properly supervised, if any laxity in school curriculum is noted—then go, in an honest way, and discuss it with the school heads. The Niles mothers found out from experience that the school authorities are anxious and willing to cooperate. Their experience is already paying dividends.

Too few schools realize the value of a good public relations policy. Parents are eager to learn what is going on in their child's school. One school principal in the township makes it a practice to send out a news letter to the newspapers every week during the time that school is in session, telling of

the activities at the school. It's but better hurry or Kaiser will get here first and get all the best parents informed, and it serves to promote good will and understanding between the school and the parents.

Watch Niles go!

KLATAWA NEWS

Resume of Klatawa doings for the past month—
Spending a week in Long Beach as delegate to the Grand Lodge was wonderful, according to Mrs. Burlia James. She motored down accompanied by Mrs. Mabel Hopkins of Pomo Council in Hayward.

Klatawa ladies and children entertained Pomo Council on the night of the official visit of the Great Pocahontas of the Reservation of California. The entertainers were Edna Gamba and her daughters, Carol and Marlene, Marvene Lofton, Donald Springer, and songs by Klatawa in a group. Mrs. Agnes Johnson did the emceeing of the program.

On Sept. 24, Klatawa Council celebrated its first birthday and is very proud of the record it has chalked up for the past year. Starting with 35 charter members, the Council has now grown to a membership of 62.

Marie Fryer, Great Pocahontas of California, and her second Great Scout, both of Santa Barbara, and the first Great Scout of Vallejo, attended the birthday party. Three new members were adopted into the Council, Katherine Eacret, Ann August, and Enis Dingacci.

A beautiful birthday cake was presented to Klatawa by Mrs. Mabel Hopkins, Deputy Great Pocahontas of Hayward.

Mrs. Burlia James was hostess to the Great Pocahontas and her two Great Scouts at a dinner party at the Old Hearst Ranch. After the dinner party they returned to the James home as overnight guests.

Latest activity of the troop itself was a five-mile hike, Sunday, October 3, back of the Hayward Plunge. Boys participating in the jaunt were passing Second Class tests.
